2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Oakland School for the Arts balances an immersive arts environment with a comprehensive academic program and is developing a Career Technical Education Pathways curriculum. Students study one of several art forms which they enter through an audition process, which will gradually be phased out over the coming years. OSA students will be prepared to use their creativity in a wide range of fields and to be successful in many different endeavors. OSA inspires its students to find their individual voices through intensive study of the arts and a challenging academic program which focuses on critical thinking and analysis. The school restarted in-person learning for the 2021-22 school year and is closely monitoring student achievement, potential learning loss, COVID safety, and mental health. Students graduate as creative, critical thinkers and community contributors. Graduates are prepared to excel in any field at the college or professional level, including specialized art schools. Our teachers are organized into a labor union known as COSATS/CTA/NEA (The Coalition of Oakland School for the Arts Teachers and Staff) which is affiliated with the California Teacher's Association and National Education Association.

Mission:

Oakland School for the Arts is a diverse and inclusive public 6-12 charter school that blends immersive, robust arts with comprehensive academics, providing integrated opportunities for collaboration, expression and personal growth.

Vision Statement:

OSA students will be creative and critical thinkers who demonstrate a commitment to equity, community, collaboration, and self-reflection. Through meaningful engagement with pathway-integrated curriculum and work-based learning opportunities, graduates will be resilient and ready for college and career. Alumni will exemplify the essential value of the arts in all they do.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The main building for OSA is the Fox Theatre building. The facility is safe, secure, clean and 100% functional. Academic classrooms and specialized arts spaces are appropriate for the activity within them and receive regular care and cleaning by the Janitorial and Facilities team.

OSA also operates an off-campus art gallery and utilizes public performance spaces for some of its productions, including The Fox Theater itself, a 2000-seat professional venue.

There have been periodic issues with the roof leaking and the owner has a contract for repairs to begin Q1-2021.

We have a full time Facilities Manager who oversees all building maintenance and improvements and ensures all standards are upheld.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

The CTE Program that has expanded to include all arts sub-pathways Dance, Digital Media, Fashion Design, Instrumental Music, Production Design, Theatre, Visual Arts, & Vocal Music most of which have been A-G approved.

OSA has added two new programs as a commitment to linked learning and college readiness, connecting students directly with influential working artists which will build Career Awareness, Career Exploration, and Career Preparation. This program is evaluated by both academic and art teachers, both departments are responsible for the students overall progress in completing the program. The Arts and Academics integration program has produced three major projects this year which includes Math, English, working Instrumental, Fashion Design, Vocal, and Dance.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents have a large role in the life of OSA. The Alliance of Parents and Teachers (APT) is the formal body that manages parent volunteers, and each arts area also has its own slate of parent officers and event managers. There are also groups such as PODS (Parents of Students with Disabilities), POC (People of Color), and other parent groups which hold meetings and plan activities. The monthly parent meetings are held via Zoom for safety, are well-attended and school events are frequently organized and managed by parent volunteers.

Parents engage in policy discussions and generate ideas that have a large impact on the school especially in our recurring annual LCAP parent outreach cycle.

Our parent volunteers manage an outreach tool called Konstella, which enables multiple parent communication platforms such as grade level groups, art emphasis groups, parents of children in specific arts productions, parents of students with disabilities, etc. in multiple languages.

For academic participation, OSA uses the PowerSchool system of notification to communicate with families. We continue to use the Talking Points app to communicate quickly with families via text and to utilize a wide variety of languages. We especially like Talking Points as there is no download necessary on the parents' side of things - they simply receive our texts translated into whichever home language is indicated at enrollment. OSA also sends out a school newsletter monthly to all families, as well as Quick Update newsletters for timely communications.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.09	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

OSA emergency plan is based on preparedness, response and prevention. The Safety Committee meets regularly to set dates for drills, review the Emergency Handbook and address safety issues that arise. If there is an immediate safety concern, a Catapult alert is initiated via an app which alerts the cellphones and laptops of the Safety Team and all employees. The Handbook was updated August 5, 2020 and discussed with employees prior to the start of school during Professional Development meetings and with mid-year hires at their orientation. Key areas are: preparedness/response - drills including evacuation of the buildings and lock downs; and prevention - maintaining a safe environment from a maintenance and access perspective.

A qualified team of campus supervisors receive training regularly and ensure that students are safe and that the environment is orderly.

2020-21 Types of Services Funded

OSA receives daily attendance funding from the CDE and supplements that with internal fund-raising that amounts to approximately 13% of the total budget, or \$1.3 MM. This funds an extended school day and an enriched arts program. This also funds our Step It Up program, which is our diversity outreach program targeting Title One schools in our Oakland area. This program provides free after school art education for underserved students to support both their successful audition into OSA and their future success in our high-paced artistic environment.

OSA has Student Counseling services and a college counselor, as well as a school psychologist, intervention specialist, and several education specialists for our students with IEPs. The Student Support Team supports all students 6-12 through interventions such as wellness counseling, family outreach, academic support and attendance. All students arts and academic progress is reviewed weekly and individualized support plans created and monitored as needed. New in the 2021-22 academic year was the addition of a full-time Pathway Coordinator whose responsibilities included oversight of all pathway integration, CTE alignment, teacher professional development and community partnerships.

Professional Development

The major areas of focus for staff development this school year are:

1. Diversity, Equity and Inclusion-
2. Special Ed Inclusion Model
3. Artistic/Academic Integration
4. Pathway development

These areas of focus were selected based on structural transitions for the school, the strategic plan, analysis of enrollment and recruitment, and our upcoming WASC process.

Staff development takes place in August prior to the start of the school year, on Wednesday afternoons throughout the school year, and during all day teacher work days during the school year. Trainings are provided by school administration, teaching staff, and outside organizations. Teachers are supported through this development through a combination of individual coaching, goal setting meetings with Executive Director, Principal and Assistant Principal, observations, and student performance data reporting.

This table displays the number of school days dedicated to staff development and continuous improvement.
