INDEPENDENT AUDITOR'S REPORT

Board of Directors Oakland School for the Arts Oakland, California

Report on the Financial Statements

We have audited the accompanying financial statements of Oakland School for the Arts (a nonprofit organization), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, functional expenses and cash flows for the fiscal year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Oakland School for the Arts as of June 30, 2016, and the statement of activities and its cash flows for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2016, on our consideration of Oakland School for the Arts' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Oakland School for the Arts' internal control over financial reporting and compliance.

1. ORGANIZATION AND MISSION

Oakland School for the Arts (the Organization) is a non-profit public benefit corporation. The Organization petitioned and was approved through Oakland Unified School District for a charter renewal for a five-year period ending June 30, 2020. The Organization was approved by the State of California Department of Education on October 11, 2000.

The Organization balances an immersive arts program with a comprehensive academic curriculum, providing students unique opportunities for learning, expression, innovation and personal growth. The Organization's arts and academic programs build discipline and confidence, effectively preparing creative youth to achieve their potential both in and outside of the arts. The Organization's graduates will be prepared to attend four-year universities in the area of their choice.

The Organization commenced operations during the 2002-2003 fiscal year and currently serves approximately 700 students in grade 6 through grade 12.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Presentation

The financial statements are presented in conformity with Accounting Standards Codification (ASC) 958-205, *Not-For-Profit Entities – Presentation of Financial Statements*. Under ASC 958-205, the Organization reports information regarding its financial position and activities according to three classes of net assets:

Unrestricted Net Assets: Unrestricted net assets are available to support all activities of the Organization, and are not subject to donor-imposed stipulations. These generally result from revenues generated by providing services, receiving unrestricted contributions, and receiving interest from investments, less expenses incurred in providing program-related services, raising contributions, and performing administrative functions.

Temporarily Restricted Net Assets: Net assets that are subject to donor-imposed stipulations that will be met either by actions of the Organization and/or the passage of time. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and are reported in the statement of activities as net assets released from restrictions. Temporarily restricted net assets were \$7,224,015 as of June 30, 2016.

Permanently Restricted Net Assets: Net assets that are subject to donor-imposed stipulations that the restrictions be maintained permanently by the Organization. Generally, the donors of these

Financial Statement Presentation (continued)

assets permit the Organization to use all or part of the income earned on the related investments for general or specific purposes. There were no permanently restricted net assets as of June 30, 2016.

Accounting Method – Basis of Accounting

The financial statements were prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applicable to not-for-profit organizations. The Organization uses the accrual basis of accounting, under which revenues are recognized when they are earned and expenditures are recognized in the accounting period in which the liability is incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

The Organization is exempt from income taxes under Internal Revenue Code Section 501(c)(3). It is, however, subject to income taxes from activities unrelated to its tax-exempt purpose. The Organization uses the same accounting methods for tax and financial reporting.

GAAP provides accounting and disclosure guidance about positions taken by an entity in its tax returns that might be uncertain. Management has considered its tax positions and believes that all of the positions taken in its federal and state exempt organization tax returns are more likely than not to be sustained upon examination. The Organization's returns are subject to examination by federal and state taxing authorities, generally for three years and four years, respectively, after they are filed.

Cash and Cash Equivalents

Cash is from time to time variously composed of cash on hand and cash in banks. The organization considers all highly liquid instruments with maturities of three months or less at time of acquisition to be cash equivalents. As of June 30, 2016, there were no cash equivalents.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments

The Organization presents its investments in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958-320, *Not-For-Profit Entities - Investments Debt & Equity Securities*. Under ASC 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the Statement of Financial Position. The fair values of these investments are subject to change based on the fluctuations of market values. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by the passage of time or by use) in the reporting period in which the income and gains are recognized.

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures (ASC 820) establishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2 –Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - o Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - o Inputs other than quoted prices that are observable for the asset or liability;
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

• Level 3 – Inputs that are unobservable inputs for the asset or liability.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fixed Assets

Fixed assets are recorded at cost and depreciated under the straight-line method over their estimated useful lives of 5 to 10 years. Repair and maintenance costs, which do not extend the useful lives of the asset, are charged to expense. The cost of assets, sold or retired, and related amounts of accumulated depreciation are eliminated from the accounts in the year of disposal, and any resulting gain or loss is included in the earnings. Management has elected to capitalize and depreciate all assets costing \$5,000 or more; all other assets are charged to expense in the year incurred.

Deferred Revenue

Deferred revenue represents grant funds received, but not expended. These funds must be expended in accordance with the provisions of the contract to which they apply or refunded if not expended under the terms of the contract. As of June 30, 2016, the Organization had \$7,500 of deferred revenue.

Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as current liabilities of the Organization.

Accumulated sick leave benefits are not recognized as liabilities of the Organization. The Organization's policy is to record sick leave as an operating expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

Revenue Sources and Recognition

The Organization receives federal, state and local revenues for the enhancement of various educational programs. This assistance is generally received based on applications submitted to and approved by various granting agencies.

The Organization primarily receives the funds from California Department of Education (CDE). Amounts received from the CDE are recognized by the Organization based on the average daily attendance (ADA) of students.

The Organization recognizes federal revenue to the extent that eligible expenditures have been incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Sources and Recognition (continued)

Revenue that is restricted is recorded as an increase in unrestricted net assets if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in temporarily restricted net assets.

Functional Allocation of Expenses

The costs of providing the program services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services based on employees' time incurred and managements' estimates of the usage of resources.

New Accounting Pronouncements

In February 2016, FASB issued Accounting Standards Update (ASU) 2016-02, *Leases* (ASU 2016-02). ASU 2016-02 requires a lessee to recognize a lease asset representing its right to use the underlying asset for the lease term, and a lease liability for the payments to be made to lessor, on its balance sheet for all operating leases greater than 12 months. ASU 2016-02 will be effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Organization has not yet assessed the potential impact of this guidance on its financial statements.

In August 2016, The FASB issued ASU No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities* (ASU 2016-14). ASU 2016-14 changes how a not-for-profit organization classifies its net assets, as well as the information it presents in financial statements and notes about its liquidity, financial performance, and cash flows. ASU 2016-14 requires amended presentation and disclosures to help not-for-profits provide more relevant information about their resources (and the changes in those resources) to donors, grantors, creditors, and other users. These include qualitative and quantitative requirements in the following areas: (1) net asset classes; (2) investment return; (3) expenses; (4) liquidity and availability of resources; and (5) presentation of operating cash flows. ASU 2016-14 will be effective for annual financial statements issued for fiscal years beginning after December 15, 2017, and for interim periods within fiscal years beginning after December 15, 2018. Application to interim financial statements is permitted but not required in the initial year of application. Early application of the amendments is permitted. The Organization has not yet assessed the potential impact of this guidance on its financial statements.

12. EMPLOYEE RETIREMENT SYSTEMS (continued)

STRS

Plan Description

The Organization contributes to the STRS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by STRS. Plan information for STRS is not publicly available. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

According to the most recently available Comprehensive Annual Financial Report and Actuarial Valuation Report for the year ended June 30, 2016, total plan assets are \$180.6 billion, the total actuarial present value of accumulated plan benefits is \$301.3 billion, contributions from all employers totaled \$2.5 billion, and the plan is 68.5% funded. The Organization did not contribute more than 5% of the total contributions to the plan.

Copies of the STRS annual financial reports may be obtained from STRS, 7667 Folsom Boulevard, Sacramento, CA 95826 and www.calstrs.com.

Funding Policy

Active plan members are required to contribute 9.20% of their salary and the Organization is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2015-2016 was 10.73% of annual payroll. The contribution requirements of the plan members are established by state statute. The Organization's contributions to STRS for the fiscal year ending June 30, 2016, was \$266,778 and equal 100% of the required contributions for each fiscal year.

13. COMMITMENTS AND CONTINGENCIES

State Allowances, Awards, and Grants

The Organization has received state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, management believes that any required reimbursement will not be material.

14. SUBSEQUENT EVENTS

The Organization's management has evaluated events or transactions that may occur for potential recognition or disclosure in the financial statements through December 5, 2016, which is the date the financial statements were available to be issued. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Oakland School for the Arts Oakland, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Oakland School for the Arts (a nonprofit organization), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 5, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Oakland School for the Arts' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Oakland School for the Arts' internal control. Accordingly, we do not express an opinion on the effectiveness of Oakland School for the Arts' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Oakland School for the Arts' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

Board of Directors Oakland School for the Arts Oakland, California

Report on Compliance for Each State Program

We have audited Oakland School for the Arts' compliance with the types of compliance requirements described in the 2015-16 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel, that could have a direct and material effect on each of Oakland School for the Arts' state programs for the fiscal year ended June 30, 2016. Oakland School for the Arts' state programs are identified below.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Oakland School for the Arts' state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State's Audit Guide, 2015-16 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a state program occurred. An audit includes examining, on a test basis, evidence about Oakland School for the Arts' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each state program. However, our audit does not provide a legal determination of Oakland School for the Arts' compliance. In connection with the audit referred to above, we selected transactions and records to determine the Organization's compliance with the state laws and regulations applicable to the following items:

	Procedures

After School Education and Safety Program	Not Applicable

Opinion on State Programs

In our opinion, Oakland School for the Arts complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its state programs for the fiscal year ended June 30, 2016.

The purpose of this report on state compliance is solely to describe the scope of our testing of state compliance and the results of that testing based on the requirements of 2015-16 *Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*.
